Jason Evans welcomed members. He discussed the Rural and Low-Income Schools grant. He said the grant is applied for in October and usually awarded sometime in November. The district hopes to receive \$82,847.00. These funds do not pay for people but can be spent on programs for campuses that do not fall under Title I funding. Funds will be used to purchase myON, IXL, Eduhero, Region 8 trainings, BrainPOP, TSI tests, Success ED-RTI, Education Galaxy, and Anonymous Alerts for bullying prevention.

Evans next reviewed the draft of the District Improvement Plan. He said the plan is started by making a comprehensive needs assessment. He noted that there is no STAAR test data or certain survey data to be used in this year's plan. He highlighted areas of changes and where COVID related statements have been added noting the use of 2019 data. He asked for any questions or input. Two suggestions were made for wording additions. He told members to email him if they think of any other changes/additions. Evans said the plan will be submitted to the school board for approval at their November meeting. He reminded members that this is a living document that can change throughout the year.

Evans thanked everyone for their attendance and the meeting was adjourned.
